

Dear all,

The 6th Fukushima University IER Annual Symposium will be held on 10th to 11th March. As mentioned below, I would like to inform you that an exchange meeting for researchers will also be held after the session on the 1st day. I really would like you to attend this, while hoping that it will be a meaningful and valuable opportunity for you to share the experiences and information as well as to create a new relationship.

The researchers participating in the annual report meeting of Environmental Radioactivity Research Network Center (ERAN), are also invited to the exchange meeting.
